

Make Mine a \$Million Business[®] program **Boston application NOW open!**

Do you believe in you?

We do.

Count Me In for Women's Economic Independence believes businesses owned by women, like you, can achieve even more success. But it helps if you're surrounded by people who believe in you.

Join others and apply to the Make Mine a \$Million Business[®] program to compete for a package of money, mentoring, marketing and technology, and take your business to the million dollar level.

"I encourage anyone who has a dream and vision to take the step and back it up with action and do this program.."
Gina Stern, d-parture spa-Make Mine a Million Business[®] Award Recipient

To qualify, businesses must be women-owned, at least two years old, and demonstrate high growth potential. The application deadline is March 5, 2007.

Award Recipients Receive

- **Coaches that believe in you**
High-caliber advisors will consult on business hurdles.
- **Financing that believes in you**
\$50,000 in financing from OPEN from American Express[®] and Count Me In.
- **Exposure that believes in you**
Gain marketing opportunities and more!
- **Corporate Sponsors that believe in you**
Benefits and programs to help you grow your business to the next level.

Program finalists get the right to present their business to a panel of judges, and live audience, at the Women's Congress on March 29, 2007 in Boston.

Women own nearly 10 million businesses in the U.S. and only 242,000 are at or above the million-dollar revenue mark! We believe women can do more.

Count Me In's Make Mine a \$Million Business program is working to get one million women entrepreneurs to a \$1million in revenue by 2010.

That's enough to give back over 7 hundred \$billion dollars into the economy and create over 4 million jobs.

The Make Mine a \$Million Business program wants to change this statistic. Created by Count Me In for Women's Economic Independence and founding partner, OPEN from American Express[®], the program delivers money, mentoring, marketing and technology tools to help you cross the million-dollar threshold.
